

# CAUTION

KEEP OUT OF REACH OF CHILDREN  
READ SAFETY DIRECTIONS BEFORE OPENING OR USING

# ZINC ADVANCE

**ACTIVE CONSTITUENT: 620 g/L Zinc**  
**SPECIFIC GRAVITY: 1.65**

Zinc Advance is a new innovative product formulated to give both an immediate and sustained response in zinc deficient crops.

Zinc Advance is compatible with UAN and most farm chemicals, and is easy to tank mix.

## NET CONTENTS:

# ZINC ADVANCE

**Recommended rate: 250mL – 750mL/Ha.**

**Critical comments:** Zinc Advance is both preventative and curative and can be applied either in furrow or via foliar spray.

## KEY BENEFITS

- Effective as both a preventative and curative treatment
- Suitable for both in-furrow and foliar application
- Fast-acting formulation for rapid uptake
- Sustained action with extended zinc availability in the soil

## APPLICATION

Cereal crops: 250mL – 750mL/Ha

## STORAGE AND HANDLING

Store in its original sealed container, away from direct sunlight and frost. Do not store for extended periods in direct sunlight. As liquid fertilisers can be corrosive to metal, it is important to flush equipment with clean water after use. Due to the amino acid content, slight precipitation may occur over time, so shake or agitate the product before use.

## SAFETY DIRECTIONS

**Keep out of reach of children.** Dispose of container as per the 4Farmers drum disposal policy

Always read the SDS before use, wear appropriate PPE, and avoid contact with eyes, skin, and clothing. Wash thoroughly with soap and water after handling.

## FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Phone 13 11 26)

Avoid contact with the eyes and skin. If it gets in the eye, hold eyes open and flood with water for at least 15 minutes and see a doctor.

Do NOT induce vomiting if swallowed.

## COMPATIBILITY

Zinc Advance is compatible with UAN and most herbicides, fungicides and insecticides. Always conduct a jar test before mixing and test on a small area before widespread application. For further compatibility advice, contact 4Farmers.

## CONDITIONS OF SALE

To the maximum extent permitted by law 4Farmers is excluded from all liability to any person and for loss or damage of any kind, direct or indirect, arising from or relating in any way to the product and/or any use of the product. Where any law (including without limitation the Competition and Consumer Act 2010) implies a condition, warranty or guarantee into these conditions of sale which may not be lawfully excluded, then to the maximum extent permitted by law, 4Farmers' liability for breach of the condition, warranty or guarantee will be at 4Farmers' option limited to the re-supply of the product or the payment of the cost of having the product resupplied.

## HAZARDS

**Very toxic to aquatic life with long lasting effects.**

Avoid release to the environment.

Collect spillage.
